OUR VALUES

We are family run business who is passionate about building the highest quality sailing and motor yachts. All our yachts are constructed by hand by our team of skilled craftsman in Radomsko, Poland. With over 18 years of experience you can rest assured your yacht will be built to the highest standard. Every single one of our yachts is crafted under the close supervision of a member of our family to ensure every detail is correct.

QUALITY

Quality is very important to us. No compromises are made in the construction of our yachts. Every single detail of your yacht is checked throughout the build process and passed by a family member before leaving our shipyard.

SAFETY

Safety goes hand in hand with Quality. If you are sailing in open waters you want to have the confidence that your yacht is safe and reliable. We use only the best suppliers and the highest quality components in the construction of our yachts.

PERFECT BALANCE

Performance. Comfort. The design ethos behind all our yachts is not only to provide you with a yacht that offers great performance but that is comfortable to live on also.

INDIVIDUAL

We are traditionalists and are passionate about helping you create your dream yacht. Being a small family company, and with all our yachts being built by hand we can tailor your yacht to suit all your needs down to the finest detail.

Futura 36 - YOUR HOME FROM HOME

Our aim in designing our Futura 36 was to provide you with the same level of comfort comparable to a full sized apartment. Incredibly, on just a 36ft yacht our designers have managed to incorporate almost 45m² of useable floor space! This is made up of 21m² below decks, 15.7m² are for the saloon and cockpit with the remaining 8m² provided by the spacious foredeck and flybridge.

A number of innovative and practical solutions make the Futura 36 look and seem like a much larger yacht.

When selecting components for the construction of the Futura 36 our main focus was aesthetics and quality. On the Futura 36 you will find granite worktops, solid teak sourced from Southeast Asia and windows made from hardened tinted glass.

Your Futura 36 can be configured in a number of ways to suit your cruising requirements with 2,3 or 4 cabins. 1 or 2 bathrooms, cockpit and the large bathing platform can be left open or feature fixed seating. The top deck can be configured as a sun deck or flying bridge with seating and a second helmsman position.

Futura 36

*Large opening panoramic windows
- made of tempered glass.*

No more scratched windows! – panoramic windows around the saloon. Wide side decks and integrated grab rails for safe and comfortable crewing.

The lower helm is comfortably positioned with 360 degree visibility.

The saloon is large and well-lit from the large windows. The saloon dining area can convert to a sleeping berth as an option.

The Galley is well equipped with cooker and refrigerator – everything you need all in one place.

Plenty of open space in the large cockpit and platform.

Each cabin offers comfortable berths with hanging lockers and storage.

Foldable table

Functional toilet

Spacious cabins

GrandHorizon

Feel comfortable

The Futura 40 Grand Horizon is the latest model in the Futura range from Cobra Yachts. Our aim was to build on the design of the Futura 36 to be able to offer even more space and also a brand new saloon layout.

The Futura 40 features almost 50m² of useable floor space, this is made up of 21m² below decks, 17m² are for the saloon and cockpit with the remaining 12m² provided by the spacious foredeck and flybridge.

The Futura 40 can be configured in a number of ways: with 2 or 3 sleeping cabins and 2 or 3 bathrooms. The cockpit and the large bathing platform can be left open or feature fixed seating. The flying bridge features seating and a second helmsman position.

When selecting components for the construction of the Futura 36 our main focus was aesthetics and quality. The spacious saloon is equipped with fully fitted galley, 2 comfortable sofas and the new location of the helmsman's position allows the entire crew to socialize whilst cruising.

Ergonomic and spacious fly deck.

Saloon layout allows the whole crew to spend time together whether you are dining or cruising.

Comfortable and large sofas

Each cabin has its own en-suite bathroom

Functional Galley

Sleeping cabins are comfortable and spacious.
